NORTHPORT

HIKING, BIKING,
FITNESS,
YOGA & SPORTS

Hiking Trails

Leelanau State Park

Over eight miles of well-marked trails run
from Mud Lake to Cathead Beach. Includes
Cathead Bay dune, Fox Island and overlook.
Michigan Recreation Passport or fee is
required for vehicle/motorcycle entry.

Northport Trails & Braman Hill

Trails run from Johnson Rd, south of the
Village, to Garthe Pond, north of the Village.
Spectacular views of Grand Traverse Bay
from the top of Braman Hill which is on 3rd
Street, 1/3 mile west of Mill Street, in town.

Houdek Dunes

Leelanau Conservancy land, 337 acres
preserved in 1998. Active dunes, stabilized
dunes, pitted and perched dunes. Six miles
south of Northport on M-22 west (toward
Leland/Frankfort). Has four miles, figure-8,
well-marked trail.

Kehl Lake

Leelanau Conservancy land, 279 acres
preserved in 1990. 1,800 feet of undeveloped
lakeshore. Fish bass and pike. View Eastern
white pines over 200 years old, "marker
trees," platform and shoreline to mixed forest
to wetland habitat. Over 100 bird species
have been spotted here. Hike the 2-4 miles
of marked trails.

Biking

To the Lighthouse

One of the most popular routes. About 17 miles round trip on fairly level roads. There are **rideable shoulders most of the way**. Restrooms, water, snacks and picnic area.

Bike & Hike – Leelanau State Park

4.5 miles north to the State Park trailhead and then up to 8 more miles of hiking trails. Restrooms and water at the trailhead.

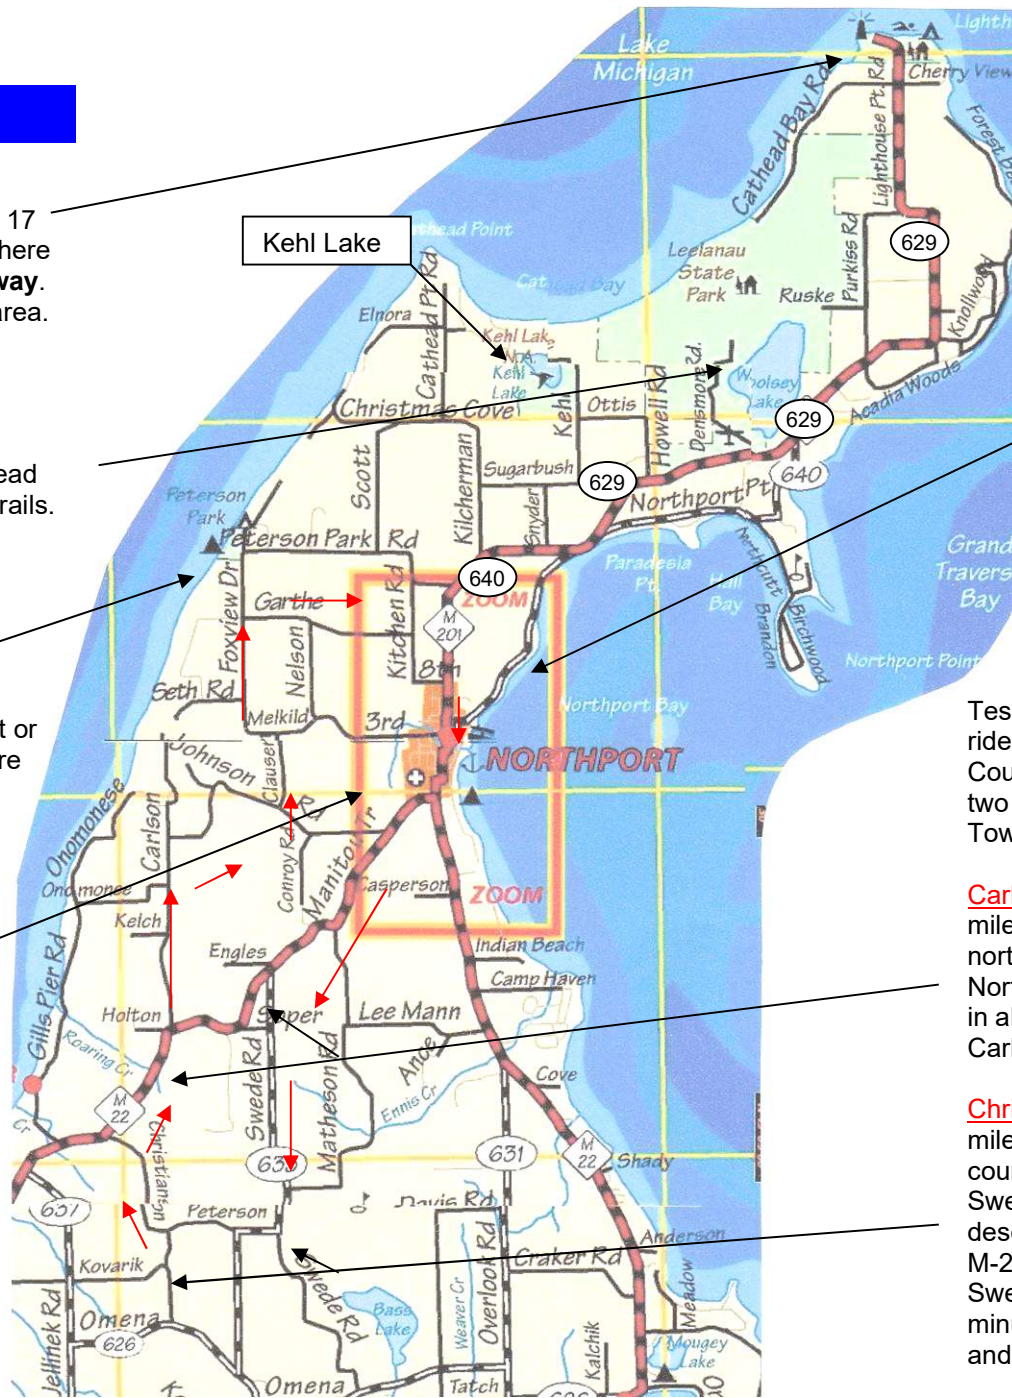

Cross the Spine to Peterson Park

Ascend two hundred feet to cross the peninsula to the western shoreline at Peterson Park. Take either Third street or Eighth street, west from town. There are moderate to steep hills in the western part of the peninsula. Beautiful views of Lake Michigan, the Fox and Manitou Islands; with restrooms and picnic area.

Braman Hill

About 1/2 mile west on Third street. For the vigorous, the top of Braman Hill offers wonderful views of the Bay and surrounding countryside.

Houdek Dunes

The Shore Route to the Lighthouse
Follow scenic (mostly shaded) North Shore Drive from town. This runs about two miles along the bay. The last ½ mile is unpaved but hard-packed. This will join CR 640 at “the bight”. Continue two more miles on CR 640 past Northport Point golf course to CR 629 and then on to the Lighthouse.

Tour de Leelanau Loops

Test your skills against the professional riders who raced 109 miles through Leelanau County, averaging over 25 mph. There are two “short” parts of the race in Leelanau Township you can try:

Carlson – M-22 – Swede Loop This 10.5 mile loop takes you past Peterson Park, north of town and then back through Northport to your start point. The pros did it in about 25 minutes. Park at M-22 and Carlson or at M-22 and Swede.

Christianson-Peterson-Swede Loop 14.7 miles starting from the highest point on the course at Christianson and Peterson back to Swede and Peterson. Starts with 50 mph descent (for the pros) down Christianson to M-22 and finishes with a two mile climb to Swede and Peterson. The pros did it in 36 minutes. Park your vehicle at Christianson and Peterson or at Peterson and Swede.
